## **Behavioral Milestones**

The preschool years are an important time for developing healthy habits for life. From the ages of 2 to 5, children grow and develop in ways that affect behavior in all areas, including eating. The timing of these milestones may vary with each child.

	Can use a spoon and drink from a cup
Years	Can be easily distracted
	Growth slows and appetite drops
	Develops likes and dislikes
	Can be very messy
•	May suddenly refuse certain foods
3 Years	Makes simple either/or food choices, such as a choice of apple or orange slices
	Pours liquid with some spills
	Comfortable using fork and spoon
•	Can follow simple requests such as "Please use your napkin."
•	Starts to request favorite foods
•	Likes to imitate cooking
4	May suddenly refuse certain foods
Years	
	Influenced by TV, media, and peers
	May dislike many mixed dishes
	Rarely spills with spoon or cup
•	Knows what table manners are expected
•	Can be easily sidetracked
5 Years	May suddenly refuse certain foods
•	Has fewer demands
•	Will usually accept the food that's available
	Dresses and eats with minor supervision
