

Sanitizing Mouthed Toys

1. Set aside mouthed plastic toys in separate container
2. Scrub toys in warm, soapy water with a brush to reach crevices
3. Rinse in clean water
4. Mix sanitizing solution (2 tsp of 6.25% bleach to 1 gallon clean cool water or 1-2 tsp 8.25% bleach to 1 gallon water.
5. Submerge in sanitizing solution for 2 minutes and then let air dry
